

FEAST CASE STUDY

Clean Plate Club Events
by Chris Holmes

The product  has allowed sales/culinary and our financial all to be on the same page. It is wonderful

USING TPP

I was in Vegas at Cater Source and was blown away by the demo on the Expo Floor. Up until that time we had been doing our proposals in Word/Excel. Lets just say that we were doing it wrong.

I love that it saved our menus and food items. It allows us to keep inventory or equipment and helps streamline payment for clients

LONG-TERM VALUE & STRATEGY

We have only begun to scratch the surface of what TPP can do. We are looking forward to unlocking TPP's full potential.

BENEFITS AND FUNCTIONALITY

The ROI is 1000 times fold. We run a multi-million company and could not do it without TPP.
